

# Meta Certified Digital Marketing Associate

## KUDOS

**Meta** builds technologies that help people connect, find communities, and grow businesses. When Facebook launched in 2004, it changed the way people connect. Apps like Messenger, Instagram, and WhatsApp further empowered billions around the world. Now, Meta is moving beyond 2D screens toward immersive experiences like augmented and virtual reality to help build the next evolution in social technology.

In collaboration with Meta, Certiport, a Pearson VUE business, is proud to bring you the Meta Certified Digital Marketing Associate Certification. The Meta Certified Digital Marketing Associate is a great addition to the Certiport business certification portfolio and our first that focuses on helping learners launch a career in marketing.

Learners who earn the Meta Certified Digital Marketing Associate Certification understand the value that advertising on Meta technologies can deliver for businesses, small and large, by helping them reach new and existing customers. Whether a learner wants to start a career in marketing or upskill and expand their expertise, the Meta Digital Marketing Associate Certification is a great place to reach professional goals and validate their skillset.

## The demand for marketing professionals is increasing

Recommended by the American Council on Education for 1 credit hour in marketing at post-secondary institutions.

## Learning materials

Certiport has a selection of various curricula and practice tests that can help supplement any course in business. These materials can be used in the classroom, remotely, or in a blended learning situation.

CertPrep Practice Tests, powered by GMetrix, are also available. They can be used in training mode which helps students learn one question at a time or can simulate the actual exam environment to help alleviate anxiety and ensure learners are prepared.

Check out the curriculum that is right for you and speak to a Certiport Representative about how you can get everything you need to prepare learners for a successful future.
